RISK MANAGEMENT POLICY FOR
INTELLIGENT SUPPLY CHAIN INFRASTRUCTURE TRUST

RISK MANAGEMENT POLICY FOR INTELLIGENT SUPPLY CHAIN INFRASTRUCTURE TRUST

1. PREAMBLE

Pursuant to the investment management agreement dated August 18, 2021, the Board of Directors of Infinite India Investment Management Limited (the “**Board**”), the investment manager to Intelligent Supply Chain Infrastructure Trust (the “**Trust**”), an infrastructure investment trust registered with the Securities and Exchange Board of India (the “**SEBI**”) in accordance with the SEBI (Infrastructure Investment Trusts) Regulations, 2014, as amended (the “**SEBI InvIT Regulations**”), has adopted the following policy and procedures to provide a framework for management of risks associated with the business of the Trust. The Board may review and make amendments to the Policy from time to time as it may deem appropriate, subject to applicable law.

The main objective of this Risk Management Policy (the “**Policy**”) is to ensure sustainable business growth with stability and to promote a pro-active approach in reporting, evaluating and resolving risks associated with the business. In order to achieve the key objective, the Policy establishes a structured and disciplined approach to Risk Management, including the development of the Risk Register, in order to guide decisions on risk evaluating & mitigation related issues. The Policy is in accordance with the Regulation 26G of the SEBI InvIT Regulations read with Regulation 17(9) of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, (the “**SEBI Listing Regulations**”) which requires the Investment Manager to lay down procedures about risk assessment and risk minimization.

2. DEFINITIONS

- 2.1. “**Risk**” means a probability or threat of damage, injury, liability, loss, or any other negative occurrence that may be caused by internal or external vulnerabilities; that may or may not be avoidable by pre-emptive action.
- 2.2. “**Risk Management**” is the process of systematically identifying, quantifying, and managing all Risks and opportunities that can affect achievement of a corporation’s strategic and financial goals.
- 2.3. “**Risk Management Committee**” means the risk management committee formed by the Board.
- 2.4. “**Risk Assessment**” means the overall process of risk analysis and evaluation.

Words and expressions used and not defined in this Policy shall have the meaning ascribed to them in the SEBI InvIT Regulations, the SEBI Listing Regulations, the Securities and Exchange Board of India Act, 1992, as amended.

3. PRINCIPLES OF RISK MANAGEMENT

- 3.1. The Risk Management shall provide reasonable assurance in protection of business value of the Trust from uncertainties and consequent losses.
- 3.2. All concerned process owners of the Investment Manager shall be responsible for identifying & mitigating key Risks in their respective domain.
- 3.3. The occurrence of Risk, progress of mitigation plan and its status will be monitored on periodic basis.

4. RISK MANAGEMENT PROCEDURES

4.1. *General*

Risk management process includes four activities: Risk identification, Risk Assessment, Risk mitigation and monitoring and reviewing risks .

4.2. *Risk Identification*

The purpose of Risk identification is to identify internal and external risks specifically faced by the Trust, in particular including financial, operational, sectoral, sustainability (particularly, environment, social and governance related risks), information, cyber security risks or any other risk as may be determined by the Risk Management Committee and identify all other events that can have an adverse impact on the achievement of the business objectives. All Risks identified shall be documented along with the description, category, classification, mitigation plan, responsible function / department.

4.3. *Risk Assessment*

Assessment involves quantification of the impact of Risks to determine potential severity and probability of occurrence. Each identified Risk is assessed on two factors which determine the Risk exposure:

- a. Impact if the event occurs
- b. Likelihood of event occurrence

Risk Categories: It is necessary that Risks are assessed after taking into account the existing controls, so as to ascertain the current level of Risk. Based on the above assessments, each of the Risks can be categorized as – low, medium and high.

4.4. ***Risk Mitigation***

The following framework shall be used for implementation of Risk mitigation:

All identified risks should be mitigated using any of the following Risk mitigation plans:

- a) Risk avoidance: By not performing an activity that could carry Risk. Avoidance may seem the answer to all Risks but avoiding Risks also means losing out on the potential gain that accepting (retaining) the risk may have allowed.
- b) Risk transfer: Mitigation by having another party to accept the Risk, either partial or total, typically by contract or by hedging / insurance.
- c) Risk reduction: Employing methods/solutions that reduce the severity of the loss e.g. having adequate softwares in place to prevent data leaks.
- d) Risk retention: Accepting the loss when it occurs. Risk retention is a viable strategy for small Risks where the cost of insuring against the Risk would be greater than the total losses sustained. All Risks that are not avoided or transferred are retained by default.

5. **MONITORING AND REVIEWING RISKS**

The Risk Management Committee shall formulate the policies for effective identification, monitoring, mitigation of the Risks and shall be taken up with respective departments for its mitigation, as may be applicable. The Risk Management Committee shall take cognizance of risks which may impact business continuity while framing risk responses.

Existing process of Risk Assessment of identified Risks and its mitigation plan will be appraised by the Risk Management Committee to the Board on an annual basis.

6. **COMMUNICATION OF THIS POLICY**

This Policy shall be posted on the website of the Trust i.e. www.intelsupplychaininfra.com.

7. **REVIEW OF THIS POLICY**

This Policy shall be reviewed by the Risk Management Committee periodically, at least once in two years, including by considering the changing industry dynamics and evolving complexity.

8. **CONFLICT WITH APPLICABLE LAW**

The Policy shall not contradict with the provisions of any applicable law. In case of any discrepancy, the provisions of applicable laws shall prevail over the provisions of this Policy.

9. AMENDMENT

- i. Any amendment or variation to this Policy shall be undertaken in compliance with the SEBI InvIT Regulations and other applicable laws/regulations.
- ii. Notwithstanding the above, this Policy will stand amended to the extent of any change in applicable law, including any amendment to the SEBI InvIT Regulations and the SEBI Listing Regulations, without any action from the Investment Manager or approval of the unitholders of the Trust.

Adopted by the Board of Directors of Infinite India Investment Management Limited on behalf of the Trust on August 17, 2023.
